Who Should Attend?

Expert Leaders & Senior Professionals

10+ years of experience; leading business units, large portfolios, or strategic business units who want to embed Lean Six Sigma at an enterprise level.

Certified Black Belts Aspiring Higher

Six Sigma Black Belts seeking the advanced Master Black Belt credential and ready to take on coaching and mentoring responsibilities.

Quality Champions & Change Agents

Professionals who want to showcase exceptional Quality Leadership, drive cross-functional improvement, and align Six Sigma to corporate strategy.

5 Key Benefits of Certification

 Advanced Problem-Solving Master advanced statistical tools, DMAIC, and Lean methodologies to solve complex, high-impact business problems.	 Leadership Development Build skills to mentor Black Belt teams, lead change initiatives, and foster a culture of continuous improvement enterprise-wide.	 Strategic Decision-Making Leverage data analytics and process measurement to drive evidence-based decisions that directly improve the bottom line.
 Cross-Functional Collaboration Break organisational silos, align diverse stakeholders, and lead multi-department improvement projects with confidence.	 Competitive Advantage Stand out as a certified MBB—one of the most prestigious quality credentials globally, recognised by ASQ and industry leaders.	

Certification Criteria

Step	Requirement	Standard
